Welcome to a truly special property that has been the backdrop for a life filled with love, laughter, and generational memories, and built with heart and meticulous craftsmanship. Nestled on 4.66 partially wooded acres, this custom-built, well-maintained one-owner home is ready for its next chapter, featuring freshly painted walls, ceilings, and new carpet in the living room and primary suite. Roof was replaced in 2024. The main floor offers a large primary suite with an attached office/reading nook or nursery. The en-suite bath includes dual vanities, a walk-in shower with dual heads and bench seating, a garden tub, and a walk-in closet. Soaring two-story vaulted ceilings and a gas fireplace highlight the living room, illuminated by a nearly floor-to-ceiling window. An open layout connects the living room, dining area, family room, and kitchen, which boasts a walk-in pantry and a sink with a plant shelf overlooking the backyard. Upstairs, you'll find two spacious bedrooms, a full bath, and a landing with views of the living room below. A standout feature is the fully powered, climate-controlled 3-bay detached workshop with a two-car and single-car garage door, water, sink, bathroom, and plumbing for a shower. Perfect for woodworking, car restoration, RV storage, or serious hobbies, it's complemented by an adjacent tall carport and two additional storage

buildings. The expansive 4.66 acres offer ample cleared space for a large garden, greenhouse, playground, or even a solar farm, while maintaining wooded privacy and abundant wildlife.
